

CLASS OF 2024 JANUARY/FEBRUARY NEWSLETTER

Happy New Year. The first semester flew by and now we are ready to settle in and concentrate on the last semester of our Freshmen year.

Grades: *Just a reminder that we do not send home report cards. So please check the Parent Portal if you have not done that already. The first semester was a challenge for many students. Please continue to support your child by checking the Parent Portal, making sure they have a “quiet” place to work and talking with them about their classes.*

Pathways/Capstone Advisory: *All students have been placed in a Capstone Advisory class according to their pathway. Their first **Friday** capstone advisory meeting was held in January.*

Registration: *We will be meeting with students in February to begin the registration process for next year. They will be receiving their Pathway’s Handbook and Preregistration form at this time.*

Colorado Spirit Program: *Solvista Health is hosting a Virtual social group for high school adolescents. These groups will be attended via Zoom and facilitators are Colorado Spirit Support Counselors. There is no cost and they are offered on Tuesdays from 5:00-6:00. Please contact Nicole Ortega at 719-275-2351 for more information or to sign up.*

Remember FREE Breakfast and Lunch still available to every student!
