Principal's Message

Tiger Family,

As we approach Thanksgiving, I am reminded of a JFK quote that rings true today, "As we express our gratitude, we must never forget that the highest form of appreciation is not to utter words, but to live by them."

I am proud of the CCHS staff as we continue the journey to bring a Career Pathways education to our students. We live by the principle that preparing our students for their future careers should be genuine and rigorous. We maintain the most authentic career internship program in the state. Our Capstone requirement is entering its third year and the presentations and projects are becoming more creative and enduring within the community. Our early college program continues to grow, and more students are accomplishing their Associate's Degree within their four years of high school. Our Career and Technical Education programs are earning industry standard certifications for students at a rate above all other schools in the state. We're increasing our commitment to the medical pathways by bringing more college level courses to the school, allowing our students to achieve pre-nursing/med requirements. We're working with the engineering programs at CU Boulder and Colorado School of Mines to become the only Colorado high school to accomplish their Engineering 100 level courses.

I want to thank the staff at CCHS for their devotion to excellence, but as JFK states, my promise is to continue to act so that we can stay one step ahead of our students needs in preparing them for a great future.

Happy Thanksgiving!

Bill Summers

Principal, Canon City High School

Counselor Corner

During this school year, educators across the country are working on teaching students about mental health and how to seek help if they are worried about themselves or a friend. We are using a program called SOS-Signs of Suicide. The program teaches students about this challenging topic and encourages them to seek help. At the beginning of December counselors will be going into each classroom to deliver this program. Please join us on Monday November 28 from 6-7 pm in the Auditorium at CCHS for a parent meeting in regards to the SOS. We hope to see you there!

Coming up...

Sonic Fundraiser -Wednesday Nov. 2nd 5 - 8 pm

FAFSA Completion Workshop Nov. 5th 2 - 3:30 pm
Please bring paperwork and forms needed to complete FAFSA.

All's Well in Roswell (Isn't it) - Saturday Nov. 12th 7 - 9 pm
